

[Name] Cloud Quest Tournament

Join your colleagues in a friendly competition that guides you on how to build AWS solutions. Choose from 7 technical roles and compete for the top spot!

[AWS Cloud Quest](#), a role-based simulation to help build practical AWS Cloud skills. Participants will journey through a virtual city on a quest to complete assignments that help them acquire cloud skills in 7 technical domains including Cloud Practitioner, Solutions Architect, Machine Learning, Serverless Developer, Security, Networking, and Data Analytics. Create your avatar and help your virtual customers by creating AWS solutions that solve their business problems.

To begin, start Cloud Quest from AWS Skill Builder, choose a role, complete the onboarding tutorial, then join the Nike Tournament using this code:

Go to page 2 of this guide for detailed instructions.

Once the tournament begins, you can earn points by building solutions, answering quizzes, or solving puzzles. As you progress, you will have opportunities to earn an official AWS badges, upgrade your city, and unlock new items for your avatar.

Whether you're starting your cloud learning journey or diving into specialized skills, AWS Cloud Quest will help you learn in an interactive and engaging way!

- **The tournament will kick off @ 12 PM EST on September 25th**
- **Participants will have 5 days to score points.**
- **Top 5 finishers will receive the following prizes:**
 - **1st place -**
 - **2nd place -**
 - **3rd place -**

Good luck and may the best cloud specialist win! Please reach out to aaa-bbb@nike.com if you have any questions.

Tournament Begins

Monday, 25 September, 2023
12:00 PM EST

Tournament Ends

Friday, 29 September, 2023
12:00 PM EST

Participants who complete all assignments in a role will earn an AWS badge via [Credly](#).

Welcome to AWS Cloud Quest

AWS Cloud Quest is a game-based solution training that covers numerous technical domains. If you are new to cloud technology, choose the Cloud Practitioner role. If you are seeking knowledge in a specific area, you can explore roles such as Machine Learning, Security, Data Analytics, Serverless Developer, Networking and Solutions Architect.

Search for AWS Cloud Quest

1. Go to skillbuilder.aws in your browser then choose sign in.

Sign-on Prompt

2. After choosing sign in, you will be prompted to sign-on to AWS Skill Builder, click **Sign on to AWS Skill Builder**.

3. To sign-on you will need to create a builder ID. **Choose Create or Sign in** under AWS Builder ID

Choose a sign in method

**AWS Builder ID** Recommended for individuals
Use your AWS Builder ID or create one.
Note: If you previously used **Login with Amazon**, use this. You'll be prompted to link your AWS Builder ID to your existing profile if they share the same email.

[Get help signing in](#)

4. Create a Builder ID using an email address and password. You will use this to sign on to Skill Builder going forward. Use an email address you have access to. Once you submit the email, a verification code will be sent to that email. Click **Next** then enter the verification in the next screen and click **Verify**.

The image shows two screenshots of the AWS Builder ID creation process. The first screenshot, titled 'Create AWS Builder ID', features the AWS logo at the top. Below it, a message states: 'AWS Builder ID is a new personal profile for builders. [Learn more](#)'. Three bullet points follow: '✓ Get started for free', '✓ Complement your existing AWS accounts', and '✓ Secure your login with optional MFA'. A pink box highlights the 'Your email address' field, which includes a subtext 'We recommend using your personal email address.' and an empty input box. Below this is an orange 'Next' button. Further down, there is an 'OR' separator and a button that says 'Already have AWS Builder ID? Sign in'. At the bottom, a small paragraph of legal text is visible. A large blue arrow points from this screen to the second screenshot. The second screenshot, titled 'Email verification', also has the AWS logo. It asks the user to 'Enter verification code we sent to your email' with a link '(du?)'. A pink box highlights the 'Verification code' input field. Below the input field are two buttons: an orange 'Verify' button and a white 'Resend code' button. At the bottom, there is a section 'Didn't get the code?' with two bullet points: '• Codes can take up to 5 minutes to arrive.' and '• Check your spam folder.'

Create a password for Skill Builder

5. After verification is complete, create a password for AWS Skill Builder. Then click **Create AWS Builder ID**.

The image shows a screenshot of the 'Choose your password' screen. At the top is the AWS logo. Below it, the title 'Choose your password' is displayed. A green notification box with a checkmark icon contains the text 'Your email address has been successfully verified.' with a close button (X). Below this, a message states: 'You will use this password to sign in with your AWS Builder ID.' There are two input fields: 'Password' and 'Confirm password', both containing masked characters (dots). Below the 'Confirm password' field is a checkbox labeled 'Show password' and the word 'Matches' in green. At the bottom, a pink box highlights the orange 'Create AWS Builder ID' button.

6. Choose Sign in then sign on with the username and password you just created.

The diagram illustrates the process of creating an AWS Builder ID and then signing in. A large blue arrow points from the 'Create AWS Builder ID' page to the 'Enter your password' page.

Create AWS Builder ID

Enroll in the AWS Cloud Quest course

9. From the Cloud Quest course page, choose enroll then choose Start Learning Now.

Launch AWS Cloud Quest

10. Choose Play Now to start Cloud Quest in a separate browser tab. Cloud Quest is compatible with Chrome, Firefox and Microsoft Edge. Mobile browsers or devices are not supported.

AWS Cloud Quest
Cloud Practitioner

Cloud Practitioner
Cloud Practitioners will build basic cloud solutions using AWS services. You will learn about AWS Cloud concepts, security concepts, common use cases, billing and pricing models and business impacts.
You can earn a digital badge for completing all assignments for Cloud Practitioner. AWS Cloud Quest digital badges enable you to demonstrate your solution building knowledge.

START NOW!

Learning Objectives
For each assignment, you will receive an automated account to build a new solution on the AWS console.

Launch AWS Cloud Quest and Join Tournament

11. Choose Join Match then enter the tournament code.

AWS Cloud Quest

START GAME

Join Match
7CVJI6NAWY

Version: 1.5.82

Join the tournament then start the Cloud Quest tutorial

12. Agree to data consent. No personal information is shared only in-game statistics.

Complete the tutorial before starting the tournament

13. After entering the code, a prompt is displayed informing you that you have joined the tournament, but must complete the onboarding tournament before the tournament menu is activated. After clicking ok, the Cloud Quest tutorial will start.

Start the tutorial and follow prompts

14. During the onboarding tutorial, you will click through guided prompt's by an in-game assistant.

Choose a role during tutorial

15. During the onboarding tutorial, you will be prompted to choose a role. Choose **Cloud Practitioner**, this is the free version.

Earn a digital badge!

Keep following the tutorial

16. The tutorial will continue after you choose a role and create an avatar. Keep following the prompts as it explains how to build a solution.

Complete the tutorial

17. You must complete all onboarding tutorial prompts before you can create or join a tournament. You do not have to complete the first assignment, only the tutorial prompts. After the tutorial is complete, you can access the tournament screen.

Tutorial prompt

Tutorial is complete now view the tournament leaderboard

18. Once the tutorial is complete you can view the tournament leaderboard. From the XR device at the bottom right, choose the tournament option after completing the tutorial.

Tournament Leaderboard is available

19. You are now in a tournament match screen and can join a team (if available), view other players in-game stats, or maximize the leaderboard. You can join or leave a team at any time.
